

Funded Partnership Opportunity

.....

Eligibility Requirements

- Registered 501c3 Nonprofit
- Submit NC Substitute W9
- Submit NC CCCP Partnership Application
- Include priority cancer (breast, cervical, colorectal, prostate, skin, lung) screening(s)
- Meet all other requirements on application

The partnerships of the NC Comprehensive Cancer Control Program Partnership Initiative are designed to increase the number of patients screened for at least one of the six NC priority cancers (breast, cervical, colorectal, prostate, skin, and/or lung), foster partner collaborations, networking, resource sharing, and facilitate outreach, education and referrals that encourage community-clinical linkages.

Partnerships could be awarded up to \$5,000.00 to implement initiatives that provide cancer screenings for one of the six priority cancers (breast, cervical, colorectal, prostate, skin and/or lung).

For more information or to request
a Partnership Application, contact:

Sarah Arthur, NC CCCP Program Manager at
sarah.arthur@dhhs.nc.gov • 919-707-5331

OR

NC Cancer Prevention and Control Branch
Attention: Sarah Arthur, CCCP Program Manager
1922 Mail Service Center
Raleigh, NC 27699-1922

The supported partnerships are limited funding opportunities to help supplement organizations' outreach and screening efforts.
